ITALIAN FURNITURE

LEATHER PANELS COLLECTION

www.cesareferrari.com

Cesare Ferrari Group delivers bespoke engineering and production solutions for both residential and commercial interior projects in collaboration with architects such as Dordoni Architetti, Antonio Citterio and Partners, Zaha Hadid Architects, Martin Kemp Design, David Collins Studio and DeSallesFlint and many others.

The consortium includes the Cesari Ferrari Lab – a department of innovative materials and technology for architecture and interior design. The research of decorative material and finishing, conducted over many years, is now updated by a new vanguard collection of printed leather panels.

With an up-to-date production structure in Northern Italy and a friendly, fully-qualified staff, the Cesare Ferrari Group provides professional services to architects and designers for the whole cycle: from implemental drawing development, commercial estimation of projects, material and technology consulting, engineering, mock-ups, production to delivery and final installation work in any part of the world.

The service provided is designed to be cost effective, helping architects to achieve results economically and to the highest standards and detail demanded by modern clients. We are also introduced to the Middle East market with longstanding experience also in the East European market

Our leather panels collection is composed by wide range of the different prints and patterns. At you disposal more than thousand various colours to choose as printing leather bases.

The Leather Panels Collection includes also bespoke solutions designed for decorative partition inserts and frames.
